Dear Friends,

The Jewish people always comes together to face shared challenges. Today is no different.

Over the past two months, beginning with the kidnapping and murder of our three teenagers, and continuing into Operation Protective Edge, the support of Jewish communities around the world has been a source of great strength for the people of Israel.

At the same time, we know that this has been a difficult period for Jews around the world, as many of you face increasingly virulent and sometime violent manifestations of anti-Semitism.

On behalf of the people and State of Israel, I thank you for your defense of our just campaign to provide the sustained peace and security that all Israelis deserve. I ask that you continue to make your voices heard to counter the lies and libel directed against the Jewish state.

For our part, we in Israel will continue to stand by your side as you confront hatred and intolerance. Jews everywhere must be able to live proudly and without fear.

I have great faith in the Jewish people and the justice of our cause. I look forward to building with you our common future.

Sincerely,

Benjamin Netanyahu
